Here is a small sample of what parents have to say about their experience:

“As a mom, I love the kind, supportive environment and nurturing relationships with the teachers. As an educator, I love that the curriculum provided essential building blocks for a successful start in Kindergarten. WFM preschool helped build a strong social, spiritual, and academic foundation for my children.”

- Jennifer Sulfridge

My daughter attended both 3 and 4 year old Preschool here. We could not have asked for a better experience. The teachers are so loving and caring, they make school both educational and fun for the kids. I was amazed at how much my daughter had learned each year she had attended WFM. We are now enrolling our 3 year old son to attend this coming fall and we are really looking forward to him enjoying the same experience. We are so grateful that we were introduced to this program and the wonderful staff that run and operate it.
