Here is a small sample of what parents have to say about their experience:

“As a mom, I love the kind, supportive environment and nurturing relationships with the teachers. As an educator, I love that the curriculum provided essential building blocks for a successful start in Kindergarten. WFM preschool helped build a strong social, spiritual, and academic foundation for my children.”

- Jennifer Sulfridge

This is my daughter's second year at WFM preschool and we love it here. They make learning feel fun, and have a way of keeping the kids interested and engaged throughout the year. Between well planned field trips and activities planned around the letter of the week, there is always something my daughter looks forward to. Not only is the staff exceptional with the children, they also keep open communication with the parents which I greatly appreciate. Watching our daughter thrive academically and socially has confirmed that we made the right choice. I highly recommend WFM preschool.
